To: Enactus Philippines <EnactusPH@enactus.org>

Dear Enactus Team,

Warm congratulations from **Enactus Philippines!** 🎉

We are pleased to inform you that your team has been **selected among the Top 60 teams** that will advance to the **Enactus Philippines National Competition 2026 – Early-Stage Project Competition Track**.

Your team will have the opportunity to pitch your project at the **Enactus Philippines National Competition and Innovation Summit 2026**, which will be held on **October 9–10, 2026**, at **De La Salle University, Manila**.

Participation Confirmation and Validation

As a finalist team, you will be required to **confirm and validate your participation** in the National Competition.

As part of the validation process, each team member will be required to submit proof of their current affiliation with the university for the **current school year**:

- **Faculty Advisor:** Certificate of Employment from the respective university; or
- **Student Members:** Certificate of Enrollment for the current school year from the respective university.

Alternatively, a **valid school-issued ID with a validation stamp or sticker reflecting employment or enrollment for the current school year** may be submitted in lieu of the Certificate of Employment or Certificate of Enrollment.

To accomplish this, a **Confirmation and Validation Form via Google Forms** will be provided in a succeeding email. Please accomplish the form and submit the required supporting documents within the specified deadline to formally confirm your team's participation.

Mandatory Capacity-Building Sessions

As part of the preparation for the National Competition, all Top 60 teams are required to participate in a series of **mandatory virtual capacity-building sessions** designed to help teams strengthen and prepare their projects for the national stage.

**September 21–25, 2026****5:00 PM–7:00 PM****Via Zoom**

The **Kickoff Session on September 21** requires the attendance of **all four team members**—the **Faculty Advisor and all three (3) student members**.

For the **succeeding sessions from September 22–25**, attendance is required from **at least one (1) member of the team**.

Participation in the capacity-building sessions is mandatory to maintain your team's participation rights in the National Competition. Further details, including the Zoom link, session schedule, topics, and other requirements, will be provided in the official competition briefing materials.

Please Begin Making Travel Arrangements

In the meantime, we strongly encourage your team to **begin planning and arranging your transportation and accommodation to Manila ahead of time.**

Please note that **transportation, accommodation, meals, and other incidental expenses shall be shouldered by the participating team and/or their university.**

Nevertheless, we are currently coordinating with our partner hotels to secure **discounted accommodation rates for participating teams.** Details on these rates and booking arrangements will be shared in our next email.

Once again, **congratulations on making it to the Top 60!** We look forward to welcoming your team to Manila and seeing you pitch your innovation on the national stage.

Please stay tuned for the succeeding emails containing the **Confirmation and Validation Form, competition briefing materials, capacity-building details, discounted accommodation packages, and other important announcements.**

Congratulations, and we look forward to seeing you at the **Enactus Philippines National Competition and Innovation Summit 2026!** PH 🚀

Warm regards,

Kristoni G. Go
